Terms and Conditions

The benefits under this scheme are not transferable. Refunds can not be given for medicines/treatments supplied in the event that the animal is rehomed, lost or dies, nor if you move house and are no longer able to take advantage of services offered as part of a package. Benefits of the scheme including discounted food sales can not be used in conjunction with any other offer, including manufacturer's offers of free stock with purchases.

The products which the Practice has determined are most appropriate for this scheme are those which are best suited to provide the optimum health benefits for your pet, family and the community generally. There is some scope for client's preference for particular products, which can be discussed with the veterinary surgeon at the consultation.
